SPECIAL EVENTS

KOVAI PUBLIC SCHOOL

LEARNING IS CELEBRATION

KPS ROOTS - OCTOBER - 2024

OUR VISION

To create futuristic school to develop leaders for the world.

OUR MISSION

To develop the children and mold them to be the true global citizen with sterling qualities and good values.

PRINCIPAL'S MESSAGE

Dear all Greetings,

November 14, I want to remind you all of the unique joy, innocence, and energy you bring to our lives. This day, celebrated in honor of Pandit Jawaharlal Nehru, reflects his unwavering belief in the potential of young minds. As he rightly said, "The children of today will make the India of tomorrow. The way we bring them up will determine the future of the country." On this day, we celebrate each of you as the torchbearers of our nation's future.

Children's Day is a reminder that every child has a special place in this world and that each of you is valuable and irreplaceable. In the words of Mahatma Gandhi, "If we are to reach real peace in this world... we shall have to begin with children." You are the hope for a better, more peaceful world, and we are here to help you become strong, compassionate, and wise.

Every day, in our school, we strive to create an environment that nurtures your talents and dreams. Remember Dr. A.P.J. Abdul Kalam's words: "Dream, dream, dream. Dreams transform into thoughts and thoughts result in action." Don't be afraid to dream big, and know that we, your teachers and family, are here to guide you, support you, and help you turn those dreams into reality.

At school, we celebrate learning as a continuous journey where you explore, discover, and grow. I hope you remember Swami Vivekananda's inspiring words, "Arise, awake, and stop not till the goal is reached." With determination, hard work, and resilience, you can overcome any obstacle that comes your way and reach any goal you set.

I encourage you all to embrace your curiosity, stay positive, and enjoy each moment of your childhood. We are so proud of you, and we believe that each of you has the potential to bring greatness into the world. Happy Children's Day to each and every one of you! Remember to cherish this special time and always believe in yourself.

**“SOAR UNIQUELY HIGH”
Yes. You Can.**

*Yours in education
Dr. Jegatheesh TR*

TREASURE

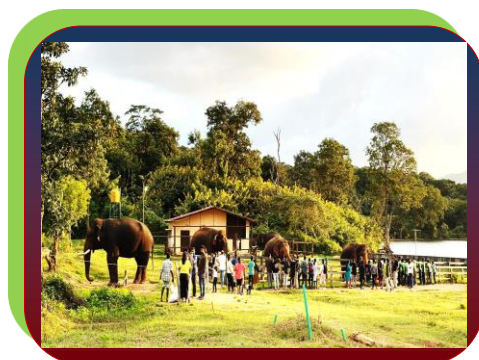

VIDYARAMBHAM

The ceremony of Vidyarambham (Vidya means “knowledge”, arambham means “beginning”) for children is held in temples, schools and in houses. Vidyarambham was held in Kovai Public School on Vijayadashami Vidyarambham day (12 October, 2024) with great poojas and new students were given admissions on that day. The ceremony summed up with blessings of the Priest, Parents and introducing little kids to the world of alphabets by writing the first letter in a tray of paddy in the name of "Goddess Saraswati" and writing on the child's tongue with gold. Writing on grains denotes the acquisition of knowledge, which leads to prosperity.

SCHOOL EDUCATIONAL TRIP

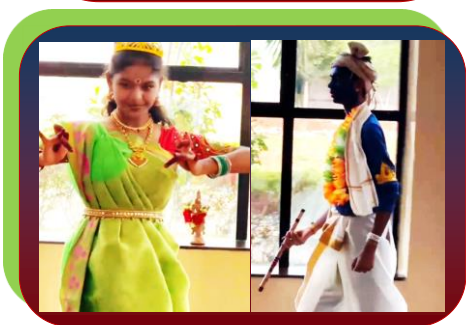

Our KPS Management organized an exciting trip to Coorg and Chikmagalur for students of Grade 6 to 12 on 18 and 19 October, 2024. With carefully crafted activities and destinations, this journey promised to ignite young imaginations. The two-day trip ended with students returning to school, tired but filled with cherished memories. They expressed gratitude to their teachers and the management for organizing such a memorable and educational trip.

DIWALI CELEBRATION

Kovai Public School celebrated the festival of Diwali (29 October, 2024) with great enthusiasm. Our students proved that creativity and talent do not have boundaries. The celebration included a variety of dances performing with energy and grace, captivating the audience. Students also spoke about the significance of Diwali, emphasizing how good always triumphs over evil and explaining the diverse ways the festival is celebrated across India. A special debate on 'Diwali Expenses' was conducted, where students discussed mindful spending during festivals, sparking thoughtful conversations.

The entire program filled everyone's hearts with the spirit of Diwali, and they enjoyed the celebration wholeheartedly.

ACTIVITIES

ELEPHANT MODEL ACTIVITY

Our PRE-KG kids made an elephant face using colour paper, foam and circle cutout of cardboard. Through this activity kids learnt to identify animal and structure of an animal. It helped the kids to develop fine motor skills, environmental awareness, patience and persistence.

SPONGE IMPRINT ACTIVITY

Sponge painting is a coating application technique that gives an interesting texture and appearance to a surface. Our PRE-KG kids did sponge imprints on tortoise image using paint and sponge. Through this activity kids learnt about different animals and amphibians etc. It helped the kids to develop hand-eye coordination, sensory exploration, fine motor skills and environmental awareness.

FENCE MAKING ACTIVITY

Fence making refers to the process of designing, building and installing fences, which are structures used to enclose, divide, or protect areas. Our LKG kids made a fence for a model grass land by using ice-cream sticks, grass mat, white cardboard, animals and string sticks. Through this activity kids learnt to identify animals, explore texture, enhance sensory, fine motor and social skills.

DOG MODEL ACTIVITY

Our LKG kids made a Dog model using tissue roll, white paper, googly eyes, petals and circle cutouts. Through this activity LKG kids learnt to enhance their creativity and imagination.

DRAWING ACTIVITY

Our UKG students explored their creativity through a farm animal drawing activity. This engaging exercise enhanced their fine motor skills and introduced them to diverse farm animals. Vibrant artwork showcased their imagination and learning.

HEN MODEL ACTIVITY

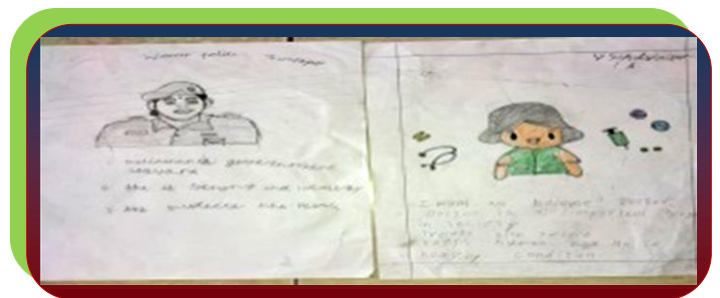

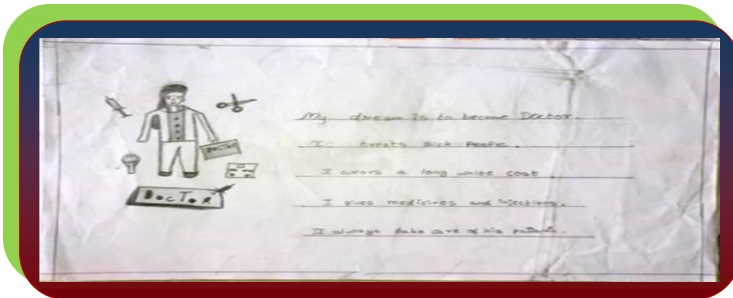

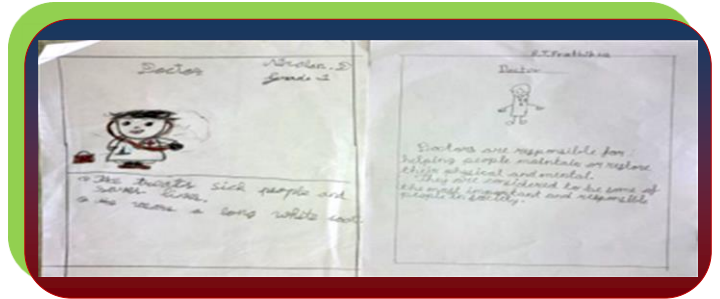

Our UKG students creatively explored “Hen Activity” using gloves, feathers and colorful papers. This innovative activity refined fine motor skills and fostered imagination. Artistic expression flourished in every colorful design.

“DREAM BIG: EMPOWERING THE KIDS TO CREATE THEIR FEATURE”

As children grow, their imagination and aspirations shape their future. Encouraging them to explore and express their dreams can have a profound impact on their development. Creating a project on what a kid wants to become in the future is an innovative way to foster self-discovery, goal-setting, and career awareness.

Our young artists of grade 1 made beautiful drawings of their future ambition along with few points about their aim. This will be helpful to discover more about their inspiration. Kids were very curious in sharing their drawings to show their friends what they wanted to become in future.

FAMILY TREE ACTIVITY

Family is the strongest bond on earth. Students from Grade 6 created a family tree album in their English books with the help of their grandparents.

ROCKET MODEL ACTIVITY

“The eagle has landed” is a notable phrase from humanity's first moon landing. Our future scientists in Grade 06 created their own rocket models. This activity sparks their interest in space exploration and helps them understand more about our universe.

उत्तर भारतीय दिवाली

दिवाली का पर्व कार्तिक मास के अमावस्या तिथि के मनाया जाता है। इस दिन माता लक्ष्मी और भगवान गणेश की उपासना की जाती है। इस दिन भगवान राम लंका पर विजय प्राप्त करके अयोध्या वापस लौटे थे, जिसकी खुशी में सभी नगर वासियों ने दीपक जलाए थे। दिवाली के दिन लोग अपने घरों में दिए, रंगोली से सजाते थे। दिवाली भारत में मनाए जाने वाले सबसे लोकप्रिय और शुभ त्योहारों में से एक है। यह बुराई पर अच्छाई की अज्ञान पर ज्ञान, निराशा पर आशा की जीत का प्रतीक है। नए कपड़े खरीदते हैं और स्वादिष्ट भोजन तैयार करते हैं। दिवाली परिवारों और दोस्तों के साथ मिलकर जशन मनाते हैं। आध्यात्मिक रूप से यह 'अंधकार पर प्रकाश के विजय' को दर्शाता है।

देव औझा – Grade 04

प्रकृति की कला

बादलों ने सदियों से मानव जाति को आकर्षित किया है। कल्पना और रचनात्मकता को उत्तेजित करता है। अक्सर विभिन्न आकृतियों और आकृतियों से मिलते-जुलते, ये प्राकृतिक डिजाइन हमारी कल्पना को उत्तेजित करते हैं। चौथी कक्षा की छात्रा "साई मौथिका" ने इसका वर्णन करने के लिए चित्र के रूप में बादल की छवियां बनाई हैं।

KITE ACTIVITY

Our childhood activity definitely includes flying kites. KPS provided an opportunity to fly kites in order to link with the poem "the wind" (Grade 4). Students thoroughly enjoyed the poem as well as the cool breeze while their dream kites made the sky colorful.

ART OF CARVING

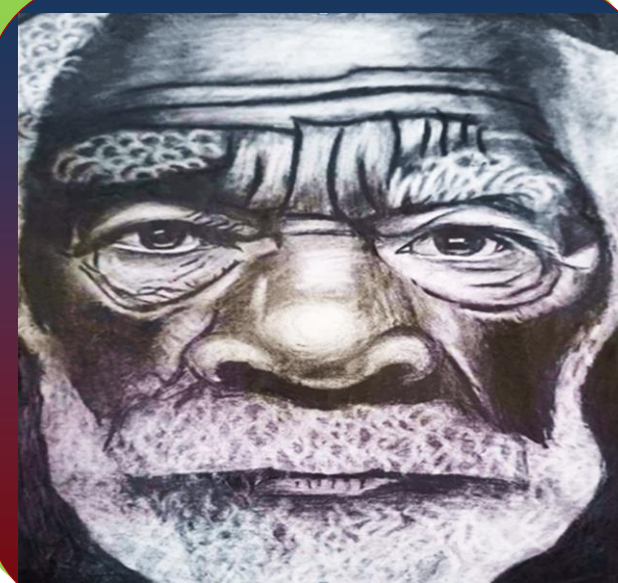

Food carving is the art of carving fruits or vegetables, a technique that originates from Asia. Using special carving knives, virtually anyone can create unique decorative elements at their table and impress their guests. Students from Grade 6 to 8 showcased their creativity in this art form.
